Creativity, Art, and Design in Europe and Spain, May – June 2017
Barcelona, Spain
Experience Design of Travel in Central Europe, May – June 2016
Budapest, Hungary

Experience

Blueport Commerce - Boston, MA

UX Design Intern, January – April 2017

- Work with a development team to revamp an internal tool to improve our users' workflow, minimize friction, and create new applications with requested functionalities
- Provide design support to development teams and product managers with mockups, brainstorming, research, and testing

Front End UX Co-op, July – December 2016

- Designed a new application for an internal tool by completing competitive analysis, user journeys and personas, and multiple rounds of prototyping and user testing
- Developed primary pages of the user interface on a new client's portal using CSHTML, Less, and JavaScript

Northeastern University CCIS - Boston, MA

Logic and Computation Tutor/Grader, September 2015 – May 2016

- Co-lead weekly labs with review sessions and group exercises
- Held regular office hours and offered one-on-one tutoring to help students further understand the material
